

# The Scottie Scoop

Week of September 12

## SPOTLIGHT ON SCOTTIE LEARNING

### Reading

This week we will be working on inferring. This is when we take clues from the book and what we know about the world to make a guess! We will also be reviewing syllables.

### Writing

We will learn how to use a timeline to draft a story. In the timeline we will plan our beginning, the problem, the heart - how we solved our problem, and what we learned from it. We will continue working on complete sentences - subject and predicate.

### Math

We will be applying our knowledge of numbers to categorize even and odd. We will continue working on analyzing forms of numbers. Math Review Quiz on Friday!

### Science

This week we will be talking more about matter. We will work to cause chemical change through experimentation.

### Social Studies

We will discuss the three types of communities. Rural, Suburban, and Urban. The students will pick which one they would want to live in and why!

## *The Teachers' Scoop*

The Yancey/ Noble crew is rocking and rolling! Class Dojo is going great, and students are working hard each day to apply our PLAID values to earn points.

If you haven't had the chance to sign up and monitor your child's success, please contact your homeroom teacher for the pin.

Thank you for learning your lunch number! We are so proud of student's preparedness as they move through the line.

Mark your calendar for September 20th, our Parent Information Night. More information will be coming out about times soon!

As we start to get more settled in, please remind your child each morning to come in ready to work with Positive Purpose! Thank you for your help with encouraging our learning centered environment!
