

# The Scottie Scoop

Week of September 19th

## SPOTLIGHT ON SCOTTIE LEARNING

### Reading

This week we will be asking questions before, during, and after reading a book. It is important for your child to talk to their book and ask questions. We will sort questions by thick and thin. We want to ask thick questions.

### Writing

We will continue to draft stories using our timeline. We will learn how to use a personal word wall to spell words we do not know how to spell. We will continue working on subject and predicate.

### Math

We will be ordering and comparing numbers using place value. We will discuss greater than, less than, and equal to up to 1,200.

### Science

This week we will be starting our unit of study for energy. Our focus will be on natural and manmade sources of light and heat.

### Social Studies

We will discuss community workers such as firefighters, police officers, librarians, utility workers, and mayors. Your child will pick one of these community workers to write a letter to to thank them for their work.

## The Teachers' Scoop

What an honor it is to work with you outstanding children each day! We feel blessed to be their teachers!

This week we will host Parent Information Night on Tuesday, September 20th. Please join us for 1 session. The 1st session will be held from 6:05-6:35 and session two will be from 6:45-7:15. A short PTO meeting will take place from 5:45-6:00. We hope to see each of you there!

A few updates about the week: Mrs. Yancey will be out Monday-Thursday for KISD trainings, and Mrs. Noble will be out on Tuesday for principal interviews. Please pardon our absences and know your children will be in great hands. Learning will continue as normal.

Please don't forget to start sending in Bubbles if able and join us for our first school wide social on Friday, September 23, from 5-8! See you there!
